Speaker: Pastor Collin
Message Title: A Submitted Church
Passage: 1 Timothy 2:8-15

Thoughts for Discussion:

1. Why do you think Paul highlights anger and quarreling as particular obstacles to prayer among men?
2. How can we uphold the heart of this passage without turning it into either legalism or cultural relativism?
3. How does this passage affirm the dignity and spiritual value of women without grounding it in church office?
